THE LAPIS BARD STORY

At Lapis Bard, we curate collections taking inspiration from art, architecture and the natural world around us.

Each piece is a reflection of expert craftsmanship and a keen eye for detail. As a brand, we believe in creating luxury designs that evolve with your needs.

We produce unmatched pieces of artfully crafted leather bags, sleek wallets, off-the-cuff cufflinks, watch chests, pen cases, tech accessories and belts to cinch your outfits. A collection of intoxicating inks and smooth writing instruments number amongst our timeless pieces.

We are proud to call ourselves a brand that provides beautiful handcrafted designs to the people of our country and other fans from across the globe.

CONTENTS

A timeless collection that showcases beautiful dual-tone hues. Ducorium features hand-painted edges by highly skilled craftsmen who, inspired by Leonardo da Vinci's sfumato technique, gradually darken the colour as it imperceptibly passes from one shade to another.
